Dedication

One of the greatest rewards for working on the Smoke Signals staff is to be able to dedicate your work to someone who has given their time and effort for you. The person who was chosen for this honor was always there to see that we learned our English well, prepared ourselves for college, and become ladies and gentlemen. In her own way, she has contributed so very much to the school.

We, the class of 1959, feel a great indebtedness to you, our friend and teacher, and we would like to say with deep sincerity, thank you, Mrs. Cain!

Seniors

When the last day of school arrives, the last bell rings, and the books close for the last time, our memories will begin to dull. As our carefree high school days turn into mundane adult worries, our memories of our Senior year at Fair Oaks High will fade into oblivion. When nostalgia strides us, we will leaf through our "Smoke Signals" and see the faces and activities of our friends and classmates. Only in this way can we relive the days so dear to us.

Underclassmen

In youthful inexperience, the UNDERCLASSMEN can be compared to the source of a river, ever eager to be on its way.

New scholastic views open to the UNDERCLASSMEN as they advance in years. Their restlessness is eased, energy is released, and total adjustment is made as they go from year to year. It also takes teamwork, which holds some magic power over the UNDERCLASSMEN by its qualities of charm, to succeed in any task they undertake during their wonderful years in school.

Activities

When September arrives, we suddenly find ourselves participating in many activities as well as doing our daily schoolwork. We realize that these activities bring much hard work, but after we have completed them, we feel the satisfaction of a job well done.

Because time will erase many of these activities from our memory we shall endeavor to record them in our yearbook, as cherished possession to both our graduates and future graduates.
